Contractor Quality Control Management (CQM) training for quality control personnel is now mandatory for all future AED construction projects. The Construction Trades Training Center (CTTC) in Jalalabad is offering a 5 day class for \$300US that will satisfy this requirement. Enroll Today! Class includes:

- 5 day class to certify students in CQM
- Room and Board at CTTC private residence in Jalalabad
- Transportation to the CTTC from CTTC boarding house
- Mid-day meal at CTTC
- CQM Certification, required for all AED construction contracts
